Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from State Papers and Speeches on the Tariff During this period he was busy with the numberless questions of legislation and administration which confronted the newly organized federal government. Considering the conditions under which he thus wrote, and the stage which economic theory had reached in his time, the report is a great intellectual feat. The marshaling of the opposing arguments, the tireless examination of every aspect of the question, the careful investigation of the facts of industry and trade, the specific recommendations and conclusions at the close, all bear the stamp of Hamilton s peculiar and powerful intellect There are repetitions, and some obvious inconsistencies in arrangement; some parts are obsolete, referring to arguments or industrial conditions which now belong to the past; but the report remains the strongest presentation of the case for protection which has been made by any American statesman. Hamilton s report is printed in the various editions of his works, and in the State Papers on Finance, as well as in the Congressional Documents; but nevertheless it can hardly be said to be easy of access to the ordinary reader. The second paper, Gallatin s Memorial of the Free Trade Convention, was prepared under very different circumstances. In 1831, when the early protective controversy was at its height, a convention of the friends of free trade was held in Philadelphia.
