Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from British Flags: Their Early History, and Their Development at Sea; With an Account of the Origin of the Flag as a National Device It might have been expected that the attempt to their origin in the past the institutions and customs in common use upon the sea would from an early date occupy the attention of a seafaring people, but for some obscure reason the British nation has always been indifferent to the history of its activities upon that element on which its greatness was founded, and to which it has become more and more dependent for its daily bread and its very existence. To those who are alive to this fact it will hardly come as a surprise, therefore, to learn that the first sustained attempt at a detailed investigation into the history of the flag at sea was made under the patronage of the German Admiralty by a German Admiral. Vice-Admiral Siegel s Die Flagge, published in 1912, was the first book to deal with the development of the flag at sea in a scientific spirit, and although the earlier chapters contain some mistakes due to his employment of translations of early works instead of original texts, and the accounts of the British flags in the later chapters suffer er because he had no access to original records, it is a worthy piece of work. The present book is an attempt to remove the reproach to the British nation which this implies. Its plan is somewhat different from that of the work referred to above. Instead of dealing with the flags of all maritime nations of the world a task that (if it...
