Summary: The New York Times bestselling author and master of suspense delivers another novel at the crossroads of politics and medicine in this shocker of a thriller On the night of the State of the Union address, President James Allaire expects to give the speech of his career. But no one anticipates the terrifying turn of events that forces him to quarantine everyone in the Capitol building. A terrorist group calling itself "Genesis" has unleashed WRX3883, a deadly, highly contagious virus, into the building. No one fully knows the deadly effect of the germ except for the team responsible for its development team headed by Allaire, himself. The only one who might be able to help is virologist Griffin Rhodes, currently in solitary confinement in a maximum security federal prison for alleged terrorist acts, including the attempted theft of WRX3883 from the lab where he worked. Rhodes has no idea why he has been arrested, but when Allaire offers to free him in exchange for his help combating the virus, he reluctantly agrees to do what he can to support the government that...
