

A Practitioner's Way Forward: Terrorism Analysis

By David W Brannan, Kristin M Darken, Anders Strindberg

Agile Research and Technology, Inc, United States, 2014. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.This book provides practitioners and analysts in the field with effective tools for conducting analysis of terrorist groups and other violent substate groups. Free from unnecessary jargon and presented in a user-friendly format, the book offers analytical perspectives and techniques that are practical as well as intellectually rigorous; accessible and instantly applicable, while also based on solid social science theory and methodology. Part handbook, part reference book, it identifies the major obstacles to effective analysis, examines the most commonly used interpretations of terrorism, and goes on to present a unified model for analysis. This model, based on insights from social psychology, is highly adaptive and can be applied by the analyst to violent substate groups across the ideological and geographical spectrum. The final chapter contains a number of such applications ways of doing analysis using real examples to which the reader can refer for clarification and guidance. A Practitioner's Way Forward: Terrorism Analysis is essential reading for anyone seeking to understand and analyze terrorism. Authoritative and clear, the book is equally useful both...

Reviews

Without doubt, this is the very best function by any writer. It typically will not charge too much. I discovered this publication from my dad and i encouraged this pdf to discover.

-- **Clement Stanton**

Completely one of the better pdf I have got possibly go through. I really could comprehended every little thing using this composed e book. It is extremely difficult to leave it before concluding, once you begin to read the book.
