

The Lean Startup: How Today's Entrepreneurs Use Continuous Innovation to Create Radically Successful Businesses

Filesize: 7.08 MB

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Camille Larson)

THE LEAN STARTUP: HOW TODAY'S ENTREPRENEURS USE CONTINUOUS INNOVATION TO CREATE RADICALLY SUCCESSFUL BUSINESSES

Crown Business, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "The Lean Startup has a kind of inexorable logic, and Ries' recommendations come as a bracing slap in the face to would-be tech moguls: Test your ideas before you bet the bank on them. Don't listen to what focus groups say; watch what your customers do. Start with a modest offering and build on the aspects of it that prove valuable. Expect to get it wrong, and stay flexible (and solvent) enough to try again and again until you get it right. It's a message that rings true to grizzled startup vets who got burned in the Great Bubble and to young filmgoers who left The Social Network with visions of young Zuckerberg dancing in their heads. It resonates with Web entrepreneurs blessed with worldwide reach and open source code. It's the perfect philosophy for an era of limited resources, when the noun optimism is necessarily preceded by the adjective cautious." -- Wired "I make all our managers read The Lean Startup." --Jeffery Immelt, CEO, General Electric "Eric has created a science where previously there was only art. A must read for every serious entrepreneur--and every manager interested in innovation." --Marc Andreessen, co-founder of Andreessen Horowitz, Opsware Inc. and Netscape "This book should be mandatory reading for entrepreneurs, and the same goes for managers who want better entrepreneurial instincts. Ries's book is loaded with fascinating stories--not to mention countless practical principles you'll dearly wish you'd known five years ago." --Dan Heath, co-author of Switch and Made to Stick "Ries shows us how to cut through the fog of uncertainty that surrounds startups. His approach is rigorous; his prescriptions are practical and proven in the field. The Lean Startup will change the...
