

The vocational 11th Five-Year Plan textbook: Electronic Technology(Chinese Edition)

By ZHANG YAN FENG . TENG YING HUI

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date: 2009 Pages: 264 Language: Chinese Publisher: Jilin University Press Electronic Technology of 17 chapters. two parts of the analog electronic technology and digital electronic technology. The analog electronic technologies. including semiconductor diode semiconductor transistor amplifier circuit. the negative feedback amplifier circuit 'integrated operational amplifier and its applications. power amplifier circuit. sine wave oscillator and tributaries regulated power supply of a total of eight chapters. Digital electronic technology portion includes a digital circuit. the logic function of its simplification. generated in the logic gate circuit. a combinational logic circuit. triggers the sequential logic circuit. the pulse shaping and digital-to-analog and digital-to-analog converter. a memory. and programmable device of nine chapter. Moreover. each chapter Summary and Questions. Contents: Chapter semiconductor diode on analog electronic technology and its application of section I of semiconductor devices and their characteristics section II. section III of the semiconductor diode special diode Section IV single-phase rectifier filter circuit thinking about the title second semiconductor transistor and its the amplification circuit first section the semiconductor transistor Section II triode basic amplification circuit of the...

Reviews

It becomes an amazing ebook that we have possibly read through. It is really simplified but surprises within the 50 % from the ebook. You can expect to like how the blogger compose this book.

-- Ms. Shaina Legros III

If you need to adding benefit, a must buy book. It really is rally interesting through reading through period. Your way of life period will probably be convert as soon as you total looking over this book.

-- Ms. Kirstin O'Kon
