Adp Systems: Status of Ssas Modernization Efforts: Imtec-88-56

By -

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.In response to a congressional request, GAO reviewed the Social Security Administrations (SSA) actions to refocus its computer systems modernization efforts to determine the: (1) status of the software design and database integration; (2) relationship between the Systems Modernization Plans (SMP) projects and key areas; (3) impact that new projects included in the plan may have on SSA computer systems; and (4) adequacy of the legislatively mandated comprehensive automatic data processing (ADP) plan. GAO found that SSA: (1) scaled back its efforts in software redesign and database integration in order to complete projects it believed would achieve the greatest benefits; (2) concentrated on redesigning software for part of the insurance program benefits project and planned to complete the majority of the projects by late 1990 and the remainder by late 1992; (3) will address the remainder of the program benefits project and three of eight other software projects under its new strategic planning process; (4) developed a long-range strategic planning process consisting of three parallel efforts to guide its future operations, but had not reached the level where the ADP portion...
